INSPIRED BY THE SEA

INSPIRED BY THE SEA

Early mornings by the sea hold a quiet kind of magic. The mist hanging low. The air feeling fresh and untouched. The distant sound of fishing boats returning to shore. This collection is shaped by the sea's wavy and rippled patterns, unexpected colour combinations, and the weathered charm of old fishing vessels. You'll find a mix of greenish blues, sun-faded yellow tones and bold, striking colours – like fish scales catching the light just right.

A LOVE LETTER

SS26 is a love letter to the old fishing community of Bornholm, where I grew up – a tribute to the people who taught me to see the beauty in what's worn, – and what's real.

KITSCH. COOL. CLICHÉ.

This collection dares to be itself. Amid the natural and organic, you'll find small, intentionally kitschy details – playful pieces and daring colours made for the first movers and late bloomers. For those who feel at home when they get to play, mix, and shape a space with personality, edge, and story.

WE DON'T BELIEVE IN COINCIDENCES

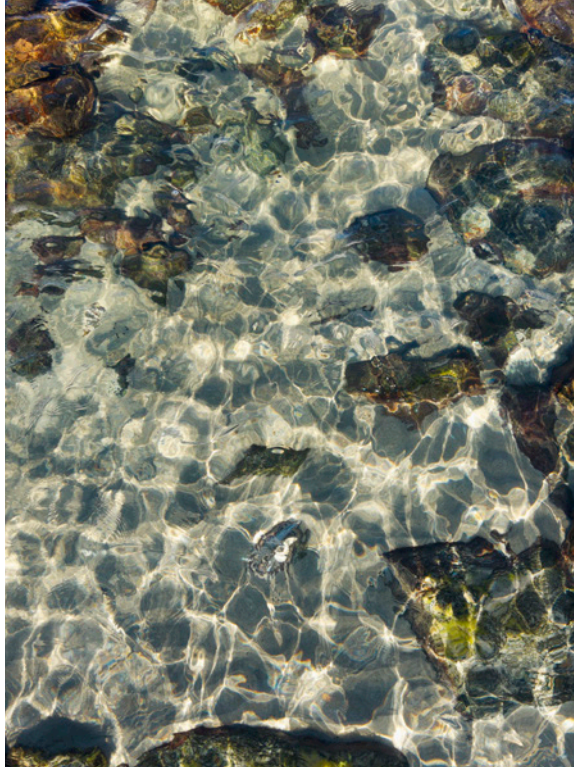

Every shade and colour combination is carefully composed by experts with an eye for the times. And many of our products are handmade to a degree you can hardly imagine. From idea to shelf, each item passes through countless hands – all guided by a love of aesthetics, detail and quality.

With love

Pernille Stoltz

WE DON'T DO BORING

WHEN CONTRAST MEET, SOMETHING UNEXPECTED AND BOLD HAPPENS .

WE DON'T
DECORATE.
WE NARRATE

A TABLE SET FOR CONTRASTS, WAVES, AND GOOD COMPANY.

For 16 years, we have shared a close partnership with Nai Disha – a Delhi-based NGO supporting women and children through education and craftsmanship. Together, we've created some of the small, meaningful details that define the Madam Stoltz identity: colourful keychains, playful eyeglass chains, handmade tassels, and our classic printed pouches and washbags.

THE STORY

Madam Stoltz is an independent, family-run business founded by Pernille Stoltz and Peter Bundgaard. The story of Madam Stoltz began in 1993, when Pernille first travelled to India on a journey of exploration. She fell deeply in love with the country and its people. Upon her return she and Peter opened a shop with handpicked homewares brought back from India.

What started as a small venture soon blossomed. Wooden boxes delivered by the mailman were soon replaced by 40 feet containers delivered by ships. To keep up with growing demand, the company ventured into B2B. Since then, the company has continued to expand, and our items are now sold all over the world.

Madam Stoltz' ethos centers around celebrating artisan traditions preserved through generations. What sets us apart are the close-knit relationships we have built up over the past 30 years with artisans and suppliers, who we consider family.

Our designs reflect a 'nordic zen' approach, combining Scandinavian simplicity with artisanal touches from around the world. This creates authentic, eclectic pieces that bring warmth and character into any space, celebrating the beauty of imperfection and the grounded feeling of a true home.

At the heart of our company is a passion for handmade interior design, crafted with care and with consideration for the planet.
